

**NATIONAL INSTITUTE OF TECHNOLOGY, RAIPUR**Subject ..... Tender cancellation reg.

It was proposed to procure "wireless physiological recording system" through TEQIP- III (limited tender). Various firms were invited to submit the Quotations. However, three quotations were not received by the due date & thus quotation submission date was extended till 10/01/2020. Till now only two quotations have been received. A firm named Gentech Marketing and Distribution (P) Ltd. which was invited to submit the quotations has raised some queries regarding specification of proposed items. Thus, it is proposed to cancel this tender. DPC (Biomedical Engg.) will look in to specifications and <sup>queries</sup> ~~quotations~~ raised by the above-mentioned firm & then will process this tender/re-tender further.

TEQIP -III Coordinator

- Since TEQIP grant has a time limit, the specifications, vendor's list and related details needs to be prepared carefully in future for successful procurement.
- ~~for~~ Recommended for cancellation of tender as proposed.
